Community Activities

With our continued focus on the holistic development of the parish and our members, 2024 has already been impactful.

Adding value to our communities with financial education sessions for groups, development sessions and through our high schools. We were able to take 108 students to the Financial Reality Fair held at the Girl Guides Head Quarter in Kingston.

We have sponsored sporting events for our children through the Youth Athletic Championships, the males through the Community Football Knockout and our females through our community netball.

We believe in the communities we serve and continue to provide savings and loan products to meet our members needs for financial stability.
